Executive Protection Systems (EPS) Mike Guevremont Named 2006 Entrepreneur of the Year

Winchester, VA (February 2, 2007) — Mike Guevremont, President and CEO of Executive Protection Systems – a leading turnkey provider of emergency preparedness solutions, equipment and training, was recognized for his business achievements with the 2006 Entrepreneur of the Year award by the Top of Virginia Regional Chamber at their awards gala held on Friday, January 26th, 2007.

According to Barry Lee of WINC-FM and the Master of Ceremonies, the Regional Greater Good Award recipient for the Entrepreneur of the Year goes to an individual that truly epitomizes the many qualities it takes to be an entrepreneur. “What started only five years ago in a garage located in Frederick County with a few boxes of product, an idea and passion in his soul—has grown to a business with a full-time staff of 25 and 5 part-time consultants,” explained Lee. “In 2005, EPS sold over \$4 million dollars in products and services and by the end of 2006 had sold approximately \$26 million dollars in products and services.”

“The Chamber is proud to have selected Mike Guevremont as the first Regional Greater Good Award recipient for Entrepreneur of the Year. We selected Mike based on his creativity and leadership as well as the growth his company has seen over the last five years. What was once a two-person operation is now an impressive business that is contributing to the economic well being of our region,” said Charlie Weiss, President & CEO for Top of Virginia Regional Chamber.

EPS Guevremont Entrepreneur of the Year Add One

“Receiving the award was an incredible honor,” said Guevremont. “I was not only surprised but filled with pride at all our company has accomplished.”

According to Guevremont, the award isn't just in recognition of his accomplishments, but in recognition of all EPS employees who work hard and work together to achieve amazing things.
